Mendes-France opened the Assembly debate yesterday with an hour-long report on the London talks and the resulting nine-power agreement

He laid great emphasis on the security given France by Britain's pledge at the London conference to keep four British divisions on the European continent.

Mendes-France was reported insistent that the Assembly's final resolution clearly recognize that the London talks were a success and that it contain no conditions to hamper him in future talks.

Dimes Won't Work In City Meters

COLUMBUS (A)-A dime won't buy much these days and Columbus motorists are learning it won't even get them a nickels worth of parking meter time.

The city recently began to install new meters which give drivers one hours parking for 10 cents or one-half hour for five cents, double the old price.

City Treasurer Arch .Warren said today meter collectors have been finding \$14 to \$20 a day in dimes in the new meters, dimes which net the motorists exactly nothing.

It takes two nickels to get an hour's parking; dimes won't work.

At Conference

George D. McDowell, Pickaway County superintendent of schools, is one of the leaders of a state conference being held in Columbus Friday and Saturday.

Approximately 400 persons are expected to attend the annual fall meeting to be held at the Ohio State University Student Union.

A debate on present day educational methods will take place between Dr. Arthur Bestor, University of Illinois history professor and Dr. Alan Griffin, OSU professor of education. Dr. Bestor has authored a book highly critical of today's methods in education.

The conference is held under the sponsorship of the Ohio Association of School Administrators. This is part of the department of the Ohio Education Association.

Superintendents will get an opportunity during the sessions to quiz a battery of Ohio school curriculum specialists.

Methodist Family Conference Opens

CLEVELAND (A) - Three thousand delegates from Methodist churches in the United States, Hawaii and Cuba opened a weekend national conference on family life here today.

The delegates will consist largely of young married couples, as well as ministers and Church School workers. The problems they will tackle include rising juvenile delinquency, rising divorce rates, working mothers and the fact that some 20 million American youths do not belong to church.

French Seen Giving OK To **German Pact**

(Continued from Page One) German Chancellor Konrad Adenauer's pro-Western policy and the outcome of the London parley. Enough other deputies in the 478member chamber favored the motion, however, to approve it with only ashow of hands.

Mendes-France opened the Assembly debate yesterday with an hour-long report on the London talks and the resulting nine-power agreement.

He laid great emphasis on the security given France by Britain's pledge at the London conference to keep four British divisions on the European continent.

Mendes-France was reported insistent that the Assembly's final resolution clearly recognize that the London talks were a success and that it contain no conditions to hamper him in future talks.

Dimes Won't Work In City Meters

COLUMBUS (A)-A dime won't buy much these days and Columbus motorists are learning it won't even get them a nickels worth of parking meter time.

The city recently began to install new meters which give drivers one hours parking for 10 cents or one-half hour for five cents, double the old price.

City Treasurer Arch .Warren said today meter collectors have been finding \$14 to \$20 a day in dimes in the new meters, dimes which net the motorists exactly nothing.

It takes two nickels to get an hour's parking; dimes won't work.

Extended Five-Day Weather Forecast

New Disability 'Freeze' Section Of Social Security Is Explained

next to last, in a series of articles that explain important provisions of the Social Security act. the information is intended for Pickaway County readers, coming direct from the agent assigned to handle social security claims from this district.

BY ROSE C. FORQUER Social Security Field Representative

There is a provision in the new social security law which resembles, in some ways, the "drop-out" of low or no-earning years which I explained in a recent article in this series. This is the provision known as the disability "freeze"

It should not be confused with the "drop-out." But it does act to discount no-earning years from the worker's average monthly wages And like the "dropout," it is something entirely new to social security.

The social security disability "freeze" may be roughly compared to the "waiver of premium" which is offered to individuals who purchase ordinary life insurance. A waver of premium is used to maintain the protection of the private insurance policy for the duration of the policy holder's disabil-

The social security disability provision will "freeze" the years during which a disability has kept the worker from earning, so that those years of disability will not effect the disabled worker's social security account.

I SHOULD like to stress one fact about the disability provisions which may be misunderstood at first. The disability "freeze" is NOT disability insurance. A person must be disabled to apply for the "freeze", but he cannot receive social security benefits until he retires at age 65 or later. Then he will find that he will not receive reduced benefit amounts because his wage record has been "frozen" during the years in which he was unable to perform any gainful

Before the 1954 disability provision in the social security law, the worker, who became disabled after a long record of contribution to the labor force of the nation, may have lost his insured status. This would have been possible under the old law because the entire period of his disability was included in the time which as the basis for determining his insured status.

Or if the disabled individual didn't lose his insured status, the period of his total disability during which he was earning no wages would greatly reduce his average monthly wage. And it is upon the average monthly wage that the benefit amount is computed.

The 1954 amendment with the special disability "freeze" was designed to correct the cut in benefits and the loss of insured status. It is a provision for those who have a long and recent record of attachment to the nation's

For this reason there is a requirement that the disabled person must have worked under social security for at least five years. These five years must have been during the ten years right before the disability began. And one and a half of

Following is the seventh, and the five years must have been during the three before the disability

> the qualifications just described, becomes totally disabled by illness, injury, or other physical or mental impairment which is expected to be of long and indefinite duration, which is medically determined, and which has lasted for at least six months, is eligible for the disability "freeze". This means that his wage record for the period of his disability will be "frozen" and not counted against him in figuring his insured status, and the amount of his future benefits.

THE PROVISION goes into effect on Jan. 1, 1955, and that is the first day that a disabled worker may apply for the "freeze." The disability "freeze" cannot be applied by survivors in cases where the worker has died, or is no longer disabled at the time of application. Because of this, it is to the worker's advantage to apply for the 'freeze" as soon as his disability her parents wrote probation officer begins. After a disability has been Max W. Billman "begging him to in effect for at least six months, have their daughter sentenced be- ner complied with her parents it may be medically determined for cause of her behavior. Judge Ren- wishes.

purposes of the "freeze" The disability "freeze" will not be applied in figuring benefits which are paid to survivors of disabled workers who die before July 1, 1955. If a worker is declared disabled, July 1955 is the first month in which he can be paid a retirement benefit computed with the exclusion of the period of disability. And when a wroker reaches age 65, he period of disability will be

considered ended. If the disabled person applies for the disability "freeze" before July, 1957, his wages will be "frozen" for a disability as far back as Sept-

New Disability 'Freeze' Section Of Social Security Is Explained

next to last, in a series of articles that explain important provisions of the Social Security act. the information is intended for Pickaway County readers, coming direct from the agent assigned to handle social security claims from this district.

> BY ROSE C. FORQUER Social Security Field Representative

There is a provision in the new social security law which resembles, in some ways, the "drop-out" of low or no-earning years which I explained in a recent article in this series. This is the provision known as the disability "freeze".

It should not be confused with the "drop-out." But it does act to discount no-earning years from the worker's average monthly wages And like the "dropout," it is something entirely new to social security.

The social security disability "freeze" may be roughly compared to the "waiver of premium" which is offered to individuals who purchase ordinary life insurance. A waver of premium is used to maintain the protection of the private insurance policy for the durration of the policy holder's disabil-

The social security disability provision will "freeze" the years during which a disability has kept the worker from earning, so that those years of disability will not effect the disabled worker's social security account.

I SHOULD like to stress one fact about the disability provisions which may be misunderstood at first. The disability "freeze" is NOT disability insurance. A person must be disabled to apply for the "freeze", but he cannot receive social security benefits until he retires at age 65 or later. Then he will find that he will not receive reduced benefit amounts because his wage record has been "frozen" during the years in which he was unable to perform any gainful

Before the 1954 disability provision in the social security law, the worker, who became disabled after a long record of contribution to the labor force of the nation, may have lost his insured status. This would have been possible under the old law because the entire period of his disability was included in the time which as the basis for determining his insured status.

Or if the disabled individual didn't lose his insured status, the period of his total disability during would greatly reduce his average monthly wage. And it is upon the average monthly wage that the benefit amount is computed.

The 1954 amendment with the special disability "freeze" was designed to correct the cut in benefits and the loss of insured status. It is a provision for those who have a long and recent record of attachment to the nation's

For this reason there is a requirement that the disabled person must have worked under social security for at least five years. These five years must have been during the ten years right before the disability began. And one and a half of

Following is the seventh, and the five years must have been during the three before the disability

> Any worker who, after meeting becomes totally disabled by illness, tal impairment which is expected to be of long and indefinite duration, which is medically determined, and which has lasted for at least six months, is eligible for the disability "freeze". This means that his wage record for the period of his disability will be "frozen" and not counted against him in figuring his insured status, and the amount of his future benefits.

THE PROVISION goes into effect on Jan. 1, 1955, and that is the first day that a disabled worker may apply for the "freeze." The disability "freeze" cannot be applied by survivors in cases where terday by Judge John M. Renner. the worker has died, or is no longer disabled at the time of application. Because of this, it is to the worker's advantage to apply for the 'freeze" as soon as his disability her parents wrote probation officer begins. After a disability has been Max W. Billman "begging him to in effect for at least six months, have their daughter sentenced be- ner complied with her parents it may be medically determined for cause of her behavior. Judge Ren- wishes. purposes of the "freeze"

The disability "freeze" will not be applied in figuring benefits which are paid to survivors of disabled workers who die before July 1, 1955. If a worker is declared disabled, July 1955 is the first month in which he can be paid a retirement benefit computed with the exclusion of the period of disability. And when a wroker reaches age 65, he period of disability will be considered ended.

If the disabled person applies for the disability "freeze" before July, 1957, his wages will be "frozen" for a disability as far back as Sept-

Better take two ... that's "14. "!"

... And golden smoothness is on the way!

YES, KEEP PLENTY of it on hand. For everybody enjoys the beer that's so golden smooth, they call it "14-K!" Of course, it's Hudepohl's costlier flavor-smoothing Process 14-K that does it. (Maybe you'd better take three!)

World Today

Associated Press **News Analyst**

WASHINGTON (P)-First Bruto NATO's general staff. with Benelux. Then NATO. Then EDC. EDC as killed. Up sprang like a wild night in an alphabet check on one another through a menagerie.

Since each group of letters the others and all add up to infind better defense against Russia, here is an explanation.

ganization. Born March 17, 1948. It had five members: Britain, France and the Benelux countries -Belgium, Netherlands, Luxembourg.

This was a 50-year agreement of mutual assistance by all five in case any of them was attacked. This first big postwar alliance in the West was soon superseded by a much bigger one, NATO.

NATO - The North Atlantic Treaty Organization. Born April 4, 1949. This is a 20-year mutual assistance agreement among 14 members: the five Bruto nations, plus the United States, Canada, Italy, Norway, Denmark, Iceland, Portugal, Turkey, Greece.

NATO went further than Bruto. The NATO members set up in Paris a general staff to plan defense against Russia. But there was a gap in the defense so long as West Germany was kept unarmed.

How could it be permitted to rearm, be brought into the Western alliance, and still be prevented from some day becoming a menace to its allies and neighbors? A French premier, Rene Pleven, pro-

posed a solution: EDC - The European Defense Offkey Singing Community. Pleven suggested it Oct. 26, 1952. This plan called for Is Poor Coverup a single European army with six

Italy, the three Benelux countries. Theyd give up their individual national armies and merge them in EDC under a unified command of their own choosing. In this way it was thought Germany never again could have a national army which might be a threat to her neigh-

Fearing Germany might sometime get control of EDC, France surance against that. The British refused. The French Parliament killed the EDC idea Aug. 30, 1954.

Searching fast for another solution, the Western Allies came up with the idea of a new and bigger Brussels Treaty Organization as a substitute.

Nine nations signed an agreement on it Oct. 3, 1954: the United States and Canada, which wouldn't be members, and seven nations which would: the five old Bruto powers-Britain. France and the Benelux countries-plus two new ones: Germany and Italy.

The new Bruto is only an agreement, not a reality. It can't come into existence until the parliaments of the seven proposed mem- 150 E. MAIN ST. bers approve. Here are some de-

tails of what the new Bruto agree-

ment means: Whereas the EDC members Killed In Mishap would have given up their national armies and merged them in a single European army, the Bruto members will keep their individual

Bruto countries already are in NATO. And Bruto's forces would be under the over-all command of

a bigger Bruto to take its place. the Germans could have. The Bru-NATO stands over Bruto. Sounds to members themselves would special agency to prevent cheat- yesterday.

Further, Bruto's members, means something different from through their own special council, would decide the size of each memcreasing efforts by the West to ber's armed forces. Thus France, by a veto, could kill any proposal

"stable.' The Democrats' 1952 presidential nominee now insists that stability means only "stand-In his opinion, the Eisenhower policies do not provide for the expansion required by an increasing population and future demands on the industrial and agricultural plant. He wants a return to the "forward-looking

ACHIEVEMENT -The Republicans, however, consider it a re-

and imaginative outlook of

markable achievement to have maintained high-level production and consumption in the face of reduced government spending at home, a heavy cut in foreign aid and commitments and greater reliance on individual and private enterprise.

NATIONAL WHIRLIGIG

Aside from and more important than statistical evidence of stability, Ikes spokesmen believe that the principal gain has been the disappearance of a depression psychology Plans for industrial expansion, a high rate of retail purchasing and installment credit buying, in their opinion, prove that national confidence has been restored. White House advisers have

given the President a new set of figures, not yet released publicly, in support of the stability and confidence issue. As soon as they have been checked and rechecked, they will be turned over to national and local ghost writers for Party candidates.

FIGURES-Although there is spotty unemployment, September-October figures are not expected to show any sizable increase over the present total of about 3,200,000 out of work. This is considered a favorable development, in view of the number of employed youngsters who have returned to school. Their places have been taken by 1954 gradu-

Businessmen show continued confidence. New orders placed with producers total \$22.5 billion a month since March, as against less than \$22 billion a year ago. New construction is running about \$3 billion a month, of which \$2.2 billion represents private undertakings. New plants costing \$26.8 billion will be built in 1954, comparing with about \$27.5 billion for 1952-53.

Consumer spending is at record levels, due largely to the high rate of personal income. which is estimated at \$286 billion annually. The customers will buy about \$230 billion of durable and gliht goods, or \$2 billion above the prosperous year of

SAVINGS-At the same time, savings have hit a new top. They are increasing at the rate of \$12 billion yearly. The aggregate is now figured at \$212 billion, or the

Bv Ray Tucker

equivalent of \$4,500 for every household in the country.

Deferred improvements by the federal, state and local governments will provide additional employment in all lines and increased purchasing power. A record-breaking highway construction program, the building of new airports and enlargement of existing fields and maritime growth will plough more than \$2 billion into factory pay rolls and profit

Finally, the full efects of the 1954 tax reductions will not be felt by corporations until next year. They will combine with developments already listed to increase the amount of money available for investment, purchasings and savings. They should insure that the

current level of business and in-

dustrial activity will persist

through 955 and into 1956, with

some improvement in presently

depressed industries, such as With the prospect of global war removed through apparent agreement on a Western European defense force, the immediate future looks bright.

streams failing for the first time in the son, comes a document which is of public National Newspaper Week is this: memory of the oldest inhabitants.

If foundation herds are to be maintained, they must be fed until spring grass is available. Some Oklahoma cattlemen are reported to be considering shipping cattle to Nebraska. Others will reduce herds to a bare minimum.

Many counties in both states have been designated as drought areas, and the government pays half the transportation costs for hay shipped in. But transportation is a small part of the cost, with hay high in price because of the general demand.

At best the winter months will be a critical period for the catilemen, who will meet the situation with customary courage, as they have done many times in the past in the country of scant rainfall.

A world so good that not even a single columnist could find fault would probably prove monotonous.

An educator says teachers should pay more attention to especially talented pupils. Mothers have always thought so.

news behind

George E. Sokolsky's

These Days

In a colloquy between Senator Herman Welker and Senator Guy M. Gillette, the following came out:

"Mr. Welker. I believe the distinguished and able Senator from Iowa, when he was chairman of the subcommittee, discovered one source of the 'leaks.' He heard someone approach the door. The Senator from Iowa tiptoed up, jerked open the door. and then discovered, as I recall, someone who was at least more than casually interested in our executive hearings. Is that a correct statement?

"Mr. Gillette. Mr. President, that is a correct statement."

It would seem that a government could so organize itself that neither in the Execu-PREDICTIONS by automobile factory tive nor the Legislative Branch would there

Businessmen show continued confidence. New orders placed with producers total \$22.5 billion a month since March, as against less than \$22 billion a year ago. New construction is running about \$3 billion a month, of which \$2.2 billion represents private undertakings. New plants costing \$26.8 billion will be built in 1954, comparing with about \$27.5 billion for 1952-53.

Consumer spending is at record levels, due largely to the high rate of personal income. which is estimated at \$286 billion annually. The customers will buy about \$230 billion of durable and gliht goods, or \$2 billion above the prosperous year of

SAVINGS-At the same time, savings have hit a new top. They are increasing at the rate of \$12 billion yearly. The aggregate is now figured at \$212 billion, or the

Ray Tucker equivalent of \$4,500 for every

household in the country. Deferred improvements by the

federal, state and local governments will provide additional employment in all lines and increased purchasing power. A record-breaking highway construction program, the building of new airports and enlargement of existing fields and maritime growth will plough more than \$2 billion into factory pay rolls and profit

Finally, the full efects of the 1954 tax reductions will not be felt by corporations until next year. They will combine with developments already listed to increase the amount of money available for investment, purchasings and savings. They should insure that the

current level of business and industrial activity will persist through 955 and into 1956, with some improvement in presently depressed industries, such as With the prospect of global war removed through apparent

agreement on a Western Euro-

pean defense force, the immedi-

ate future looks bright.

George Hartman Addresses Junior Womans Club Session

Mrs. Macklin Is Mostess To Group

George Hartman, city superintendent of schools, was the guest And Circleville speaker when members of Circleville Junior Woman's Club met Thursday night in the home of Mrs. George Macklin.

Mr. Hartman discussed school Tarlton Lutheran Church. needs and problems, particularly Mrs. Francis Fraunfelter presid- observed during the program. the city schools showed an increase roll call and treasurer's report folof 201 students over that for the lowed the devotionals. close of the school term in June.

In Memoriam

In loving memory of our beloved husband and father, the late John Morrison who passed away Oct. 8, 1951. God saw that you were suffering. The nills were hard to climb. So he closed your weary eyelids And whispered, Peace be thine. And whispered, Peace be thine.
Time will never dim our memories.
A smile, a voice, a love is missing.
Since God called you above.
Gol has taken you away dear John
Across the Great Divide.
The Cross indeed is hard to bear
Without you at our side.
Some day we hope to meet you
That try we know not when
But we shall clasp each other's hand
In a far and better land.
Sadly missed by widow Mrs. Lillie
Morrison, and daughters Violet Rhymer
and Dorothy Drum.

Tigers Primed Ready To Meet Hillsboro Team

Local fans are reminded that they may enter Friday night's Circleville-Hillsboro football game from the E Mill St. gate in addition to the regular entrance on Corwin St.

The game promises to be exciting even though Hillsboro has been defeated three times. Last week, they were able to score on Waverly, a feat which no other team has been able to do all season.

CHS's Tigers, on the other hand, seemed to have finally slipped into high gear. Although last week's 13 to 0 win over Wilmington could hardly be called spectacular, the Tigers finally brought home the bacon after knocking on the butcher's door

for two weeks. Coach Steve Brudzinski's early season predictions seem to be taking shape. He asserted that the young team, staffed virtually by juniors with two sophomores at the vital quarterback post, would not hit their stride until mid-season.

The Tigers' two losses were not damaging as far as the South Central Ohio League was concerned Both were independent clashes. The win over Wilmington's Hurricanes gives CHS a 1-0 record in the SCOL. Hillsboro is also a member of the league.

PROBATE COURT

John Speakman, et al.,

IN THE COUT OF COMMON PLEAS
PICKAWAY COUNTY, OHIO.

Marguerite Snyder, Plaintiff,
vs. John Byrd, et al., D No. LEGAL NOTICE Defendants TO—Charles Byrd, whose residence is unknown and to the unknown heirs, legatees, devisees, executors

administrators of Charles Byrd:
You will take notice that on the 16th day of September, 1954 Marguerite Snyder as Plaintiff commenced a Civil Action for partition against them and John Byrd, et al. as Defendants in the Court of Common Pleas of Pickaway County, Ohio where the same is now pending, demanding partition of the following premises situated in the County of Pickaway and State of Ohio, Township of Monroe and Village of Five Foints and bounded and described as follows:

Foints and bounded and described as lollows:

TRACT NO. 1 — Beginning at a stake in the Williamsport and Palestine turnpike S. W. corner of Lot No. 7 in Abernethy's Addition to Five Points: thence with a line of said Lot N. 70 deg. E. 10 poles to a stak S. E. corner of Lot No. 7; thence East 20 deg S. 2 poles to a stake; thence S. 70 deg. W. 10 poles o a stake in said turnpike; thence W. 20 deg N. 2 poles to the place of beginning, containing 20 poles of land and being part of Samuel Smith's Survey No. 4290.

TRACT NO ? — Being a part of Lot No. 7 of Abernethy's Addition to Five Points; beginning at a stone in the Williamsport and Palestine Turnpike being N. W. corner of lot above described with lot No. 7 of which this is apart; thence with center of said turnpike W. 20 deg. N. one pole to a stake; thence W. 70 deg. E. 10 poles to a stake in the east line of said lot No. 7 (This line is now center of alley or driveway for t mporary purposes) thence E. 20 deg. S. one pole to a stake; this being corner of lot No. 7; thence S. 70 deg. W. 10 poles to place of beginning, containing 10 poles and being part of Samuel Smith Original Survey No. 4290.

Being the same premises acquired by Henry Byrd, deceased, by deed

In Memoriam

In loving memory of our beloved husband and father, the late John Morrison who passed away Oct. 8, 1951.
God saw that you were suffering.
The nills were hard to climb.
So he closed your weszy eyelids
And whispered, Peace be thine.
Time will never dim our memories.
A smile, a voice, a love is missing.
Since God called you above.
Gol has taken you away dear John
Across the Great Divide.
The Cross indeed is hard to bear
Without you at our side.
Some day we hope to meet you
That Ary we know not when
But we shall clasp each other's hand
In a far and better land.
Sadly missed by widow Mrs. Lillie
Morrison, and daughters Violet Rhymer
and Dorothy Drum.

Ready To Meet Hillsboro Team

Local fans are reminded that they may enter Friday night's Circleville-Hillsboro football game from the E Mill St. gate in addition to the regular entrance on Cor-

The game promises to be exciting even though Hillsboro has been defeated three times. Last week, they were able to score on Waverly, a feat which no other team has been able to do all season.

CHS's Tigers, on the other hand, seemed to have finally slipped into high gear. Although last week's 13 to 0 win over Wilmington could hardly be called spectacular, the Tigers finally brought home the bacon after knocking on the butcher's door

for two weeks. Coach Steve Brudzinski's early season predictions seem to be taking shape. He asserted that the young team, staffed virtually by juniors with two sophomores at the vital quarterback post, would not hit their stride until mid-season.

The Tigers' two losses were not damaging as far as the South Central Ohio League was concerned. Both were independent clashes. The win over Wilmington's Hurricanes gives CHS a 1-0 record in the SCOL. Hillsboro is also a member of the league.

Airport Bids Die ALLENTOWN, Pa. (P)-Hundreds

ed away by truck load from the runways of the Allentown Airport yesterday. Officials still are baffled as to what caused their death. Legal Notices

of dead and dying birds were cart-

IN THE PROBATE COURT
PICKAWAY COUNTY, OHIO.
Lilian W. Moore, Sole Surviving Trustee
under the Last Will and Testament of
William Foresman, deceased,
Plaintiff,

william B. Foresman, et al., Defendants

No. 9854

LEGAL NOTICE

William K. Foresman, who resides at 110 South Street, West Lafayette, Indians and Helen Louise Johnston, who reside at 228 Woodard Drive, Henderson, Kentucky will take notice that Lilian W. Moore, Sole Surviving Trustee under the Last Will and Testament of William Foresman, who deceased on the 23rd day of October 1953, filed her Petition for a Construction of the Last Will and Testament of William B. Foresman and for direction in the distribution of assets in said Trust.

The person first above mentioned will further take notice that they have been made Parties Defendant to said Petition and that they are required to Answer the same on or before October.

Sale will be held at Opekasit Center, in Jeffersonville (Fayette-Coun- Answer the same on or before October 23rd, 1954. LILIAN W. MOORE, SOLE SURVIVING TRUSTEE AS AFORESAID. Augl 27, Sept. 3, 10, 17, 24, Oct. 1, 8.

tractor; Farmall Model A tractor; three Farmall regular tractors with John Speakman, et al.,

IN THE COUT OF COMMON PLEAS PICKAWAY COUNTY, OHIO. Defendants

No. LEGAL NOTICE

TO—Charles Byrd, whose residence is unknown and to the unknown heirs, legatees, devisees, executors and administrators of Charles Byrd. heirs, legatees, devisees, executors and administrators of Charles Byrd
You will take notice that on the 16th day of September, 1954 Marguerite Snyder as Plaintiff commenced a Civil Action for partition against them and John Byrd, et al. as Defendants in the Court of Common Pleas of Pickaway County, Ohio where the same is now pending, demanding partition of the following premises, situated in the County of Pickaway and State of Ohio, Town saip of Monroe and Village of Five Foints and bounded and described as follows:

ship of Monroe and Village of Five Foints and bounded and described as follows:

TRACT NO. 1 — Beginning at a stake in the Williamsport and Palestine turnpike S. W. corner of Lot No. 7 in Abernethy's Addition to Five Points: thence with a line of said Lot N. 70 deg. E. 10 poles to a stak S. E. corner of Lot No. 7; thence East 20 deg S. 2 poles to a stak; thence S. 70 deg. W. 10 poles of land and being part of Samuel Smith's Survey No. 4290.

TRACT NO ? — Being a part of Lot No. 7 of Abernethy's Addition to Five Points; beginning £1 a stone in the Williamsport and Palestine Turnpike being N. W. corner of lot above described with lot No. 7 of which this is apart; thence with center of said turnpike W. 20 deg. N. one pole to a stake; thence W. 70 deg. E. 10 poles to a stake in the east line of said lot No. 7 (This line is now center of alley or driveway for t mporeary purposes) thence E. 20 deg. S. one pole to a stake; this being corner of lot No. 7; thence S. 70 deg. W. 10 poles to place of beginning, containing 10 poles and deing pair of Samuel Smith Original Survey No. 4290.

Being the same premises acquired by Henry Byrd, deceased, by deed dated December 14, 1908 and recorded in Deed Vol 85, page 378 Records Pickawsy County, Ohio.

The Plaintiff demands partition of said premises as follows: Plaintiff demands her portion of said Real Estate to be set off to her in severalty. You are required to Answer the Petition on the 13th day of November, 1954, or the same will be teken as confessed and judgment rendered and partition made accordingly.

The third Kitten touchdown came on a toss from Banks to Fred Garner, who made a nice catch and crossed the goal to put his club ahead, 19-0. Beck's try from placement was blocked.

The CHS second team took over in the third quarter but was unable to move the ball successful-The Kittens opened the scoring ly against the junior Blue Lions. WCH scored its lone touchdown early in the fourth quarter on a pass play covering 25 yards. They drove deep into Circleville territory Johnson and the running of Dave terception by Don McClarren, who again late in the game. A pass inran the ball back out for 25 yards, ended this late threat, however.

THE KITTEN defensive team again turned in a great job and has now given up just two touchdowns in three games. The defensive unit has Fred Sines and Jim Marshall the Kittens again were knocking on at ends, Charlie Camp and Bob Mc-Rod Shasteen and Larry Lemley as | hind Jim Owens' two-hitter. the linebackers, Don McClarren Bowling Scores and Gary Phifer at halfbacks and Dave Carpenter at safety.

Next game for the Kittens will be Monday afternoon when they travel to Hillsboro to take on the Papoos-

CHS lineup included: Ends-Bill Johnson, Fred Sines, Fred Garner, Jim Marshall.

Tackles-Ron Stucker, Bob Mc-Clure, Kendall Dawson, Warren Gentzel, Bob Schlegler. Guards-Charlie Camp, Ed Wal-

ters, Ed Hart, Rod Shasteen. Centers-Don McClarren. Quarterbacks-Dick Banks, Wendell Emerine.

Halfbacks - Gary Phifer, Dave Carpenter, Jim Beck, Ron Hawkes, Steve Heeter. Fullbacks-John Wright, Larry

Best Fishing Expected In

Ohio this weekend mainly will be in streams in the southwestern part of the state, the Division of Wildlife reports. It said Buckeye Lake offers good bass and bluegill

The division said the fishing forecast for most of the state ranges from fair to poor. Sectional outlook:

NORTHWEST - Some catfish and crappies are biting in Lake St. Marys. Water is clear and a little low, Lost Creek and Oxbow reports are poor. Sandusky County streams afford the best fishing with perch, cats, crappies and bass.

SOUTHEAST-Leading Creek in Meigs County is providing good catches of smallmouth and bluegills. Smallmouth, bluegills, carppies and cats in fair numbers are being caught in the Walhonding River and Wills Creek in Coshocton County. All lakes, except Seneca, Hope and Alma, report poor fishing.

CENTRAL, SOUTHERN - Buckeye Lake reports good bass and bluegill catches. Good smallmouth fishing is reported in Licking and Scioto counties.

SOUTHWEST-Streams of Butler, Clermont, Darke and Greene counties are yielding fair to good catches of smallmouth, rock bass, cats and carp. The same reports hold for bass and bluegills in Kiser, Grant, Stonelick and Loramie lakes.

CHS Reserves Win 3rd Straight With 19 To 7 Victory Over WCH

ly at 9 a. m. The range has 30 their third straight win Thursday tra point. against their traditional rival Washington C. H. when they

> The Kittens piled up a 19-0 halftime lead, then held on in the second half to preserve the win. In the first half, Circleville scored each of the three time it had the ball.

The Kittens opened the scoring midway in the first quarter when Gary Phifer, freshman halfback, sped across the goal at the end of a 12-yard run off tackle. The passing of Dick Banks to End Bill Johnson and the running of Dave Carpenter, the other halfback, had moved the ball downfield from the Circleville 40.

Banks' pass to Fred Garner for the extra point was dropped, and CHS led 6-0.

AS THE FIRST quarter ended, the Kittens again were knocking on the door. This time Carpenter took a pitchout and scampered around

Carpenter, Jim Beck, Ron Hawkes, Steve Heeter. Fullbacks-John Wright, Larry

Best Fishing Expected In S.W. Of State

COLUMBUS (A)-Good fishing in Ohio this weekend mainly will be in streams in the southwestern part of the state, the Division of Wildlife reports. It said Buckeye Lake offers good bass and bluegill catches.

The division said the fishing forecast for most of the state ranges from fair to poor. Sectional outlook:

NORTHWEST - Some catfish and crappies are biting in Lake St. Marys. Water is clear and a little low. Lost Creek and Oxbow reports are poor. Sandusky County streams afford the best fishing with perch, cats, crappies and bass.

SOUTHEAST-Leading Creek in Meigs County is providing good catches of smallmouth and bluegills. Smallmouth, bluegills, carppies and cats in fair numbers are being caught in the Walhonding River and Wills Creek in Coshocton County. All lakes, except Seneca, Hope and Alma, report poor fishing.

CENTRAL, SOUTHERN - Buckeye Lake reports good bass and bluegill catches. Good smallmouth fishing is reported in Licking and Scioto counties.

SOUTHWEST-Streams of Butler, Clermont, Darke and Greene counties are yielding fair to good catches of smallmouth, rock bass, cats and carp. The same reports hold for bass and bluegills in Kiser, Grant, Stonelick and Loramie

"Old Sitting Bull" Has 25th Birthday As Reserve Fire Truck

Red Warrior's **Anniversary** Passes Quietly

Wise Gives Annual Advice For Fire Prevention Week

> BY DAVE BROWN Herald Staff Writer

"Old Sitting Bull" had an anniversary the other day at Circleville fire station on E. Franklin St.

The department's 125-horsepower Seagrave pumper, sporting a proud painting of the famed warrior, was 25 years old around the first of this month. Long assigned to reserve duty, "Old Bull" sat out the birthday in quiet dignity.

Nobody even remembers if the firemen ate cake to celebrate the quarter-century mark. Fire Chief Talmer Wise noted, however, that the anniversary came as a fitting prelude to the current observance of Fire Prevention Week.

"The best ways to prevent fires," the chief advised, "is to clean up rubbish in basements and attics. And don't overfuse your electric

VOTE X FOR The SCHOOL BOND **ISSUE**

The big bird pictured here has constantly increased his delivery of babies in the Circleville City School District. Circleville is also growing. As a result, the school has grown from 1534 pupils in 1945 to 2384 pupils enrolled in 1954. The enrollment increase this year, over last year, was 201 pupils. That increase called for seven classrooms that were not there.

Your present Board of Education has never asked you to approve anything that was not urgently needed. Twenty-five elementary classrooms are needed to care for the increased enrollment in the grades and to relieve the over-crowded conditions in the high school. Ten rooms now being used for elementary grades at the Corwin Street school would be converted to high school use.

A real crisis exists in our schools NOW. Please go to the polls November 2nd and vote FOR the proposed school building BOND ISSUE.

This Ad Sponsored in the Interest of Better Schools by The Circleville Coca-Cola Bottling Co.

THE CHIEF warned that with winter weather coming up, residents should check their heating facilities. Chimneys should be cleared and furnaces checked.

Chief Wise also said that this might be a good time to renew his request for more men. He stated room for more than 24 hours withhe needs at least two more firefighters to handle the 140 to 160 calls a year the department re-

"We also need a 750-gallon pumper," he added. "We already have a 1,000 and a 500-gallon pumper. But the big pumper is our oldest piece of equipment."

century veteran. In all that time, tires were only changed back in

The Seagrave, manufactured in Columbus, weighs 10 tons loaded. It can reach a speed of 50 miles per hour but would require a great deal of distance to do so, the chief

AT ONE TIME the department Money for new equipment and firemen's pay will become available if a "fire protection levy" is passed by the voters at the general election next month.

The fire department consists of six men and the chief. At least two are approaching the retirement

"We are just too understaffed for such a growing community," the chief remarked. "We annex new areas but do not add any men to give proper fire protection.

Oyster shells were burned for lime in making iron by early New England colonists.

Small Business Claimed Injured

SPRINGFIELD (A)-Sen, Thomas A. Burke (D-Ohio) yesterday told He was referring to the quarter Clark County Democrats that small businessmen have suffered from the fire truck has only been driven the current Republican adminis-3.000 to 4,000 miles. The original tration. He denounced what he called the "callous attitude of the special interest boys against the small businessmen of America.'

Burke said after six months of 'signal calling" by the "special interest boys," General Motors showed an increase in defense contracts of \$1.8 billion, or a 10 per cent company boost in defense contracts. Burke seeks election to the Senate for the two years left of the late Sen. Robert A. Tafts term.

Jr. Boys' Warm Dynel Trim Caps

These caps have ear tabs of soft, warm dynel, and are rayon quilt lined for added warmth. Heavy rayon-acetate-nylon twill or sheen fabric with cloth neckband. Wide choice of colors.

VOTE × FOR The SCHOOL BOND **ISSUE**

The big bird pictured here has constantly increased his delivery of babies in the Circleville City School District. Circleville is also growing. As a result, the school has grown from 1534 pupils in 1945 to 2384 pupils enrolled in 1954. The enrollment increase this year, over last year, was 201 pupils. That increase called for seven classrooms that were not there.

Your present Board of Education has never asked you to approve anything that was not urgently needed. Twenty-five elementary classrooms are needed to care for the increased enrollment in the grades and to relieve the over-crowded conditions in the high school. Ten rooms now being used for elementary grades at the Corwin Street school would be converted to high school use.

A real crisis exists in our schools NOW. Please go to the polls November 2nd and vote FOR the proposed school building BOND ISSUE.
